District Director requested the finance manager of District **DTM Narasimarao** to explaining the budget as presented.

He greeted all and thanks for giving him the opportunity. He has discussed with the trio of the district and got the approvals from them. He explained there is maximum budget that they can use under the policy. The toastmaster international has informed recently that education and club growth training can go beyond the policy max. Tomorrow they will have a final meeting before submitting to Toastmaster International at the evening.

Many concerns were raised:

1. Division F Director **DTM Shekar** concern was that tomorrow morning they are going to review the budget again before submitting. What will happen to the profit that the district has made?

District Director replied they won't fine tune any more. If the profit is made as presented in the budget, it all depends on the revenue made such as the sponsor ship and fun raising events. This will be good for the next District Director of 79, the profit will not go back to the district it will go for other things like recognition.

2. **DTM Fahmi Abdul Qader**, President of Oasis TMC Area 32 Division J, concern was that the budget doesn't show last year's balance, why hasn't it been mentioned.

The answer was with **IPP District Director DTM Samer Kamal**, mentioned by District Director. Unfortunately, he was not present; District Director spoke on his behalf. He said the since there was no revenue made at SATAC and there were expenditures that were incurred before the pandemic. The financial process had to be adjusted, there were a lot of procurements and recognition to be made. So unfortunately, the last year's budget has depleted, therefore they had to start fresh.

3. **DTM Abdul Gafoor** Vice President Education of Black Gold TMC, Area 43, Division J.

Concern was that today they have received a new guideline of the policy maximum for each category, can this be shared with the District Council, to get an idea. The 2nd Question was regarding the marketing expense, the marketing budget should be unlimited as per TMI, can you emphasis what is included in the marketing budget.

District Director has requested the finance manager to share the email to the council, received by TMI.

District Director replied that the policy has changed, there will be no marketing unlimited budget, there is now a restriction. There are many expenses such as awards, recognition and having events. To division training, one event will cost around SR 15,000, all together will cost SR 45,000. The rest will go for the awards and recognition. CGD expressed that the club growth expenses include, marketing, awards, incentives, speech craft events and team building events.

DTM Abdul Gafoor stressed that last year the District only utilized 2% of the marketing budget, there was no strong club growth.

District Director replied that they will reimburse money when a club is chartered. The money will help to purchase club items, which is a big help.

3. **TM Aslam**, President of Pakistani Community TMC, Area 9, Division O. Concern was is there any way the club will benefit from District Budget.

District Director replied that the district cannot support membership renewals. However, it all goes back to the members, for recognition, speech contest and incentives. Recognition programs and friendly competition will help give be one way to give reimbursement to the clubs.

4. Division L Director **DTM Safare** raised a concern. It was that most discussion happens to save for next year. Last year, it has happened that no one received the club reimbursement and SATAC Ticket fee. How will we close last year account?

District Director replied the IPDD **DTM Samer Kamal** and last year PQD and CGQ are responsible for the budget, Currently the audit is going on. If any club has not received the reimbursement, it should be immediately be raised to the IPDD **DTM Samer Kamal**. If this year's budget allows, they will reimburse the money to those clubs. Hopefully last year budget and SATAC matters will be closed.

Any concerns raised please address to IPDD **DTM Samer Kamal** and District Director.

5. PQD **DTM Rami Jawad** raised the concern about the serious violation committed by **IPDD DTM Samer Kamal** in which Toastmasters international confirmed via email receiving the financial audit for year 2019/2020 on June 18, 2020, but neither the refund of SATAC2020 registration fees paid to the members, nor the financial audit report presented to district executive committee and council for discussion and approval.

PQD **DTM Rami Jawad** raised the concern about the welfare of district because this serious violation is confirmed via email by Toastmasters International as trend over the previous service terms in three consecutive service term 2017/2018, 2018/2019 and 2019/2020.

PQD Rami Jawad requested that financial audit reports for the last three (3) years to be presented to both DEC and council for discussion and approval because our beloved members deserves to know the facts transparently and there has been an altering question about how can a budget or adult being approved while previous terms' financial audit are not presented for discussion and approval by DEC and council so the bookkeeping closed formally.

District Director **DTM Madusha** explained that the audit process is a long and huge process. District has not met the deadline to submit the audit. Currently the past finance manager and Immediate past District Director are working on it. The email doesn't confirm they have submitted all the audit report. In email it has mentioned the audit report that they received **so far**.

PQD has stated that it is serious violation that the audit report was submitted to TMI, which has not been presented to the District Council. A separate meeting must be held to resolve the issues.

District Director requested to write an email to the Immediate Past District Director, District Director and current and last year finance manager. Through the email, we can request to present the last year audit report and a special council meeting if the issues get out of hand. If any council member has any concerns other than SATAC 2020.

6. **DTM Nazeer Al Qaseem**, he would like to ask the fundraising revenue will be SR 50,000 and the expenses are SR 10,000. Where are figures drawn from?
Finance Manager replied that there will be a district store and it will be raising funds. Apart from membership payment.

District Director added that from cooperate fairs committees is planning cooperate summit. From there as well they will generate funds. Intend to make a sponsorship through cooperates.

7. **DTM Fettah Ennaya** made 2 statements. The statement is that there are people spreading rumors which

everyone should ignore. The nd statement is that the IP District Director is not present with us, it best to

mention the issues but not discuss the issues which he is involved. Since he is not present to defend himself.

District Director acknowledges it and said any concern regarding the last year finance, audit and SATAC 2020, please get in touch with **IPDD DTM Samer Kamal**.

8.DTM Sadagopan Natarajan – Club President raised a concern. He is really shocked to see that the audit report was not submitted to District council. Don't know how TMI allows the account to be kept active, they should freeze it. Also, he has been sending reminders regarding some clubs who have not received their reimbursement. Many things are going to be virtual, is it realistic?

District Director answered that they have not received the last year financial report. Based on the guideline on the TMI, the finance manager has worked on a clean budget. The budget is prepared fresh as recommended by TMI. Any concern regarding the open audit items, write an email to the Immediate Past District Director DTM Samer Kamal, failed to response please write a complain email to the District Director. If the issues is serious, District Director will form a committee to investigate on the matter.

Parliamentarian highlighted that before proceeding, please take questions that is related to the proposal. As time is running out.

8. TM Abdullah, Area 36 Director, Division R. Concern: The budget was not clear. We don't whether is there is a special budget for area and division director, details about the budget and whether this will be sent by email.

District Director is that the budget details will be available on the district website, once the site is set.

9. DTM Abdul Gafoor, regarding the concern raised by the PQD. Since the PQD and the District Director were in the last District trio, why were you not informed about the financial report?

District Director answered by saying that the district make decision together. District Director has some certain privileged responsibilities and decisions that he has. To get the answers sometimes concerns have to be raised. Any concern regarding the previous years, you may write to the previous District Director and copying the email to the current District Director.

10. Public Relations Manager DTM Palaniraj, the concern was raised is that what is the audit process he was talking about, when should it be complete and why is not been completed? Also, we don't know whether last year was a profit or a loss or the opening balance?

District Director said to refer the District Handbook to know the dates to submit the audit. Since the financial reports is not closed, so therefore no opening balance, it was advised by TMI.

Public Relation Manager **DTM Palaniraj**, added another question are we in apposition to meet the deadline.

We hope to the responsible leaders adhere to the deadline. If not, then a concern can be raised.

Parliamentarian suggested that if we could have a separate meeting to discuss about the budget since, Time is running out.

PQD would like to hear from Immediate Past District Director to answer about the serious violation. He liked to raised motion to have a special meeting to discuss about last year budget. He has stressed out that it is serious violation, members need to know the facts, the last years audit was submitted to TMI, without presenting to district leaders and council members. Also, the pervious 3 years audit report has not been presented to District council, he questions how can we close a report without presenting the last year report,

District Director has requested IPDD **DTM Samer Kamal** to answer about last year reimbursement that have not been provided to clubs and audit reports that TMI has received so far.

District Director said that we have to have another meeting with past district director **DTM James** and his trios and **DTM Hassan** and his trio to resolve this matter. Before the next executive committee meeting.

PQD highlighted the meeting should be with executive committee members and district council, the members of district 79 should know the fact. He is very much concern about the financial cycle of the district, he very transparent and ready to answer any question, It is not a professional way to close the account, TMI might stop dealing with District if it continues. There were lots marketing expenses that were approved and a lot of reimbursement but nothing happened. SATAC reimbursement was a big chunk from the last year financial report, how can it be closed without reimbursing.

District Director requested the Immediate Past District Director to respond to the questions asked.

IPDD **DTM Samer Kamal** acknowledges and accept what District Director suggest. Write a email to him and highlight what is the violation, under which policy, protocol and rule. Instead of discussing in the council meeting, so that it will be investigated in a proper manner.

PQD debated the email states clearly that **DTM Samer Kamal** have submitted the last year financial report.

District Director ended the discussion since time was running out. **DTM Nazeer Al Qassim** suggest we listen to the parliamentarian, have a special meeting regarding the issues.

Parliamentarian has accepted and acknowledge it; A special meeting must be held with the last years district director and their trio regarding the last 3 years financial reports.

Since there was no their objection, the proposal was adopted.
